

# Backyard Breeze...

WINTER 2011

www.BREYERCONSTRUCTION.com

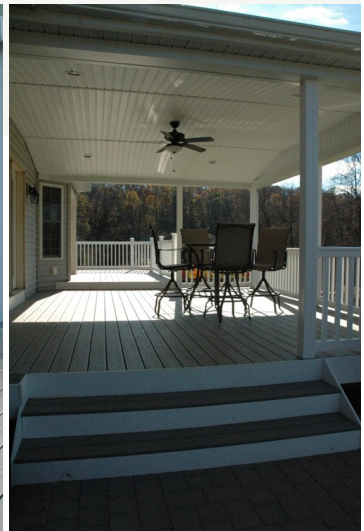

HIC# PA010620

## Getting Ready for a GREAT Season!

### Welcome to 2011!

- Last year brought many adjustments to our industry, in the midst of a challenging economy. New products were introduced, and several others were quietly ushered out of the market. We've seen some manufactures "double down", and a few competitors scale back.
- If nothing else, this economy has taught us to stay true to what we believe, and focus on what we are good at. With that in mind look for us to improve how we offer deck maintenance and repair services.  
*(Coupons and details will be posted on our website & Facebook group as they become available).*
- Stop by to see our new outdoor showroom in partnership with Cloister Cabinetry in Ephrata, or visit with us at any of the events listed on the other side of the newsletter. We'd welcome the opportunity to hear how things are going and "catch up".
- Not yet a client- or just LOVE this industry like we do? Stop by [www.DeckAdvisor.com](http://www.DeckAdvisor.com) to hear from deck builders across the country share free information on different topics such as pergola options, deck design, budgeting for a new deck, and more.
- One last quick plug for reviews:  
If you have a moment, we'd appreciate feedback from our current clients about working with us with Google Local & Trex.com. Both sites offer clients the opportunity to leave public feedback.  
*(got a negative review? Let us know first so we can address your concerns!).*

### Once again, welcome to 2011; it's going to be a GREAT year!

*We are completely pleased with our project and our neighbor's comments on it are extremely favorable.*

*Jerry & Dorothy*
